Paris, Nov. 15.—Four hundred and twenty thousand French prisoners including those interned in neutral countries will be repatriated it was officially announced today.

YANK AIRMAN LANDS IN COLOGNE

Copenhagen, Nov. 15.—An American airman landed in Cologne yesterday it was reported here today.

Cologne, the northern most of the important line crossings to be held by the Allies is 38 miles from the nearest point of the Dutch border and 125 miles from the nearest point on the Allied lines as established at eleven a. m. November 11.

GERMAN NAVAL FORCES STEAM TO SCOTLAND

PARIS, 12:40 P. M.—The cruiser Admiral Aube and two torpedo boats have sailed from Brest for the Firth of Forth under orders of Admiral Grasset, French representative on the commission charged with executing the naval terms of the armistice.

The dispatch indicates that the Firth of Forth, on the east coast of Scotland will be one of the internment bases of the German fleet. The Admiral Aube is a battle cruiser of 10,000 tons and was built in 1902. It is a sister ship of three cruisers which have been in American waters during the war.

CROW PRINCE INTERNED IN HOLLAND

Washington, Nov. 15.—It was officially announced today that the state department had received from Haguenau showing that the former Crown Prince arrived in Holland and has been interned.

FRENCH DEPUTIES DEMAND PUNISHMENT OF WAR LORDS

PARIS, Nov. 15.—Three deputies today served notice that they will demand that the Allied governments start legal proceedings against those responsible for the war. They urged establishment of a tribunal composed of representatives of the countries which have suffered from the machinations of these men.

FRENCH AND YANKS ON OUTSKIRTS OF METZ

Paris, 4:55.—French and American troops have occupied the advance forts of Metz and are advancing toward the city. The Germans are carrying out their evacuation faster than they were expected. It is possible that King Albert will again enter Brussels Sunday.

ANTWERP NOW IN ALLIES HANDS

London, 1:50 p. m.—Belgians are in possession of Antwerp today according to reports received here.

The dispatch does not indicate whether the Germans occupied the city or whether the Germans have evacuated and Belgian civilians have taken over the city's administration. Antwerp is the chief sea port of Belgium.

HOUSE AND CREEL ON PEACE WORK PLANS

By Robert J. Bender
Washington, Nov. 15.—Plans for the great peace conference are well under way it was officially announced. It was indicated today that the conference might be held before or shortly after the first of the year. This week this government will send representatives to aid Col. E. M. House in his work of organizing the peace conference. This commission will include George Creel, chairman of the committee on public information, Edward Sisson, a writer and an expert on Russian affairs and Walter Rogers.

U. S. CENSORSHIP LIFTED

Washington, Nov. 15.—The censorship on cables, postal and land lines was discontinued today the censorship board announced.

TWO LOCAL BUSINESS MEN GO TO CRESCENT

Mr. Howard Pigott, who for some time past has been in charge of the plumbing department of W. F. Powell hardware store, has severed his connections with the Powell store and entered the sales department of the Crescent Refractories at Curwensville. Although Mr. Pigott has been a Clearfielder for a comparatively short time he has demonstrated that he is a young gentleman of sterling worth and has marked ability as a salesman. The Crescent Refractories Company are to be congratulated.

Mr. W. O. Hoover, secretary of the Penn. Public Service Company connected at the local office of the concern, has resigned to accept a position with the sales department of the Crescent Refractories Company at Curwensville.

Mr. Hoover's wide business experience in the electrical and public utilities service will make him a valuable man for the Crescent Refractories Company.

DRAFT COST IS LOW

Washington, Nov. 14.—America has been getting soldiers at the lowest cost per man in the history of the country.

According to recent testimony of Gen. Crowder before the House Appropriations committee it costs Uncle Sam just \$7.95 to induct a draftee and put him aboard a train headed for camp.

Contrasted to this figure Crowder gave the committee the cost of obtaining a volunteer during the last 3 years.

In 1914 this was \$24.48 per man, in 1915 it dropped to \$19.14 jumping to \$28.95 in 1917.

Mr. and Mrs. I. W. Nieman are rejoicing over the arrival of a great big boy baby on Wednesday. Both mother and babe are doing finely.

Mrs. Madeline Magnot of Frenchville was shopping in town today.

Lovers in Japan, instead of an engagement ring often give their future brides a pair of beautiful silk to be worn as a sash.

"A FULL HOUSE"

Mr. McAdoo was intrusted with the shipment of a carload of newspaper at Carthage, N. Y., on September 12th which he has as yet failed to deliver to us at Clearfield. Consequently we will be unable to issue anything but a four page paper until it gets here. Until it arrives we must boil down all news matter to a thick syrup. We will try to accommodate our advertisers but it is necessarily going to be a matter of first here, first served. Get your ads here early for next week. Space is going to be at a premium.

As for news, we will get it all as usual. It will, however, be put up in smaller type and with less headlines.

FATHERS, DO THIS THING

PARIS, Nov. 15.—The Stars & Stripes, official organ of the American Expeditionary Force, announced that November 24 is to be "fathers' Christmas-victory letter day for the army". All soldiers are asked to write to their fathers and the fathers are urged to write to their sons.

PENNSYLVANIA LAGS BEHIND ON WARFUND

NEW YORK, Nov. 15.—The nation is lagging at the rate of several million a day in the subscription to the United War Work fund according to an official statement made here today by the National Campaign headquarters. Receipts total \$65,556,929. On the basis of this total the country will have to maintain during the remainder of the drive a total of twenty million a day if the 50 per cent. over subscription is to be obtained.

The smaller and more sparsely populated states are doing better than the larger states. Pennsylvania has subscribed less than one-tenth of its quota.

Arizona went "over the top" with a \$100,000 over-subscription. Michigan, Delaware and New Mexico have exceeded their quota.

TROLLEY LINE IS BLOWN UP NEAR MUNSON STATION

Admitting that they dynamited a section of the Centre & Clearfield Railway Company's track with the object of wrecking a passenger car, four men residing in the township below Munson were temporarily given their freedom yesterday when each furnished the \$500 bail imposed for appearance at Clearfield court.

When the celebration over the false report that the war had ended was in progress down the trolley line Thursday night, Nov. 7, dynamite was placed under a section of the track at Forest, below Munson, and during the noise the charge was set off without attracting the attention of any one. Believing that the wrecked track might be noticed by the motorman, the perpetrators of the deed, to make their work doubly certain, greased the track, so that it would be difficult to stop the car. And in doing that the lawbreakers unintentionally prevented a frightful wreck, but furnished a clew by which they were later arrested and confronted with such overwhelming evidence that they confessed their guilt.

The first car over the wrecked track was the car from Philipsburg Friday morning. The dynamited track was not noticed and the greased rails gave the car such speed that it leaped across the dynamited section, striking the sound section beyond almost by miracle.

Raymond Laughlin and Andrew O'Donnell, of the State Constabulary stationed here, were notified and began an investigation of the case. They found several empty cans that had contained axle grease. They made inquiries at the stores in the neighborhood and learned that Goldberg's store at Munson had sold a quantity of axle grease to several parties in the neighborhood.

The discovery led to the arrest of Albert Latz, 21 years old; Afion Rodé 18; William Sussek, 21, and Theodore Brant, 19. Officer Laughlin made the arrests. The men were given a hearing before Squire James Finnigan, of Chester Hill, on Wednesday afternoon, Nov. 13, where they admitted their guilt.

They are said to be rank pro-German in their sympathies, and the theory is they were angered over the victory celebration underway and felt that they ought to commit some depredation to even up for the defeat of the country they were in sympathy with. It mattered not to them that a score of lives might have been sacrificed.

It is believed also that personal enmity of a man not yet apprehended had something to do with the attempted crime. He was formerly employed by the street railway people and was dismissed from service recently. The fact that officials have not been able to locate him leads to the belief that he is involved. The state constables are looking for him.

A CHANCE TO LAUGH AGAIN

If you want a real old fashioned laugh, go and see "The Very Idea," the farce that had the audience at the Astor Theatre, New York in uproars for an entire season, it is the coming attraction at the Driggs Theatre one night, Tuesday Nov. 19.

This three act play is the funniest show of the season. You may not be interested in eugenics around which the story of this play is woven in a humorous vein, but you are certain to have an uproarious time and spend an enjoyable evening.

The farce is presented by an admirable cast. The clever actor Garland Gaden without any exaggeration of slapstick methods, is showing what a fine comedian he is. Garland Gaden plays the budding scientist, engrossed in the subject of eugenics. His serious acting is a fine foil for Et-telle Reilly's fun making.

If you are looking for a real good laugh, put "The Very Idea" down on your engagement card.

WHAT INTERESTED OUR FOREFATHERS

News Items From a Clearfield Newspaper Published in 1848

In going through some old records and papers at his office yesterday Clement W. Smith, Esq., discovered that an old draft was pasted upon the back of a newspaper published in 1848. In order to show you that there is not much new under the sun, we publish the following items taken therefrom as showing the sort of news "dished up" for our forefathers:

Praiseworthy

We learn from the Charleston Courier, that an attempt has recently been made to bolster up the declining fortunes of the theatres of that city, by introducing the model artists. The attempt has, however proved an utter failure. The good citizens of Charleston would not countenance the "unclothed beasts." To the good taste and modesty of the Charleston ladies this defeat is attributed. The Courier says: "If we have been rightly informed, not a single lady attended the theatre while these excrecences upon theatricals were performing."

Rum's Doings

We learn from the Keene Sentinel, that a man living in Jaffrey, some time ago went to Peterborough and got a jug of rum and returned to the house in which he had lived, then desolate his family having been scattered abroad for support, and there remained in a state of helpless intoxication, until his legs and arms were frozen hard as stones, in consequence of which he died.

Slaves Set Free

We learn from the Lynchburg, Virginia that Captain John Warwick, of Amherst county, who died a few days since, manumitted by his will all his servants, numbering between 70 and 80. He has made ample provision for their removal, outfit and settlement in one of the Western states.

The Sixteen Million Loan

It is said that the Secretary of the Treasury will advertise for the \$16,000,000 loan, just authorized by Congress in Europe as well as at home. Reports are current, that offers have been made for the whole of the sum wanted by foreign capitalists or banks.

The French Minister

The National Intelligencer says that M. Pargot, the late French Minister at Washington received a dispatch from M. Lamartine, continuing him in office, but he declined the trust, giving for reason his attachment to

SMALL PROBABILITY OF FLU GETTING ANY WORSE NOW

Everybody will be glad to learn that there is only the slightest possibility of another breaking out of the influenza epidemic. The physicians of the city are pleased with the outlook this morning. There were only a few new cases yesterday and thus far today there is no report of any, although it is possible and probable that there are a few new ones as this can be expected for possibly many weeks. The High School is being emptied very fast and will be ready for school sessions on Monday unless something unforeseen occurs. There are many patients yet who are very ill and the greatest care should yet be exercised by everyone. There is absolutely nothing now to prohibit people from mingling with one another provided they exercise the proper precautions as to coughing and expectorating. Avoid the breath of another. Our greatest danger now is from the flu patients themselves. There is much complaint being heard about some of them who run out on the street and mingle with crowds as soon as they get out of the house or the hospital. These people hold the flu situation within their own hands. They can spread the disease or they can keep to themselves until fully recovered. With the schools opened, every pupil should be closely watched by the parents for symptoms and no child should be allowed to go to school for the next few weeks unless they are free from colds and in perfect health. Take no chances. Everybody wants to see the ban off: It is up to the people to keep it off.

The influenza situation at Glen Richey is improving right along and it is believed that the danger is past there now. Churches will be open on Sunday and the schools will open on Monday morning. Last evening the emergency committee of the town issued the following statement for publication: "The Emergency committee of Glen Richey in harmony with the state and local authorities are in accord with the opening of schools and churches in this community." J. O. Seese, President and T. C. Henderson, secretary.

AN INSTRUCTIVE WINDOW DISPLAY

One of the most topical window advertising ideas that has been sprung on the Clearfield public for some time is the war map on the window of H. J. Flegal's clothing store. The map entirely covers one of the large front windows and shows, on a large scale, the warring nations of done in different colors which allows passersby to get an idea of the size of the countries of our Allies and the vast amount of territory that has been wrested from Germany. The idea has been worked out very cleverly by C. L. Shobert of DuBois, who at the present time has charge of the window and interior decorating of the Flegal Store.

The fallen dynasty and his determination not to hold office under its successor.

Trouble in Russia

The Dublin Telegraph of the 18th mentions a rumor that St. Petersburg was in open revolution, and that the people were determined to emulate Paris.

Emigration

The number of emigrants who arrived in New York in the three months of 1848 to March 31, was 15,327; being 4393 in January and 10,934 in February and March. They were from

FRIDAY EVENING, NOVEMBER 15, 1918.

You sent him away with a cheer! You'll welcome him back with a cheer!
But what about the time in between?
He has work to do "over there" that will keep him there for many months to come.
And herein lies your responsibility and your duty during that time.
Keep him fit!
Keep him happy!
Keep him smiling!
The thousands of huts! the thousands of miles of movie films; the myriads of books and the various other methods that have been used to "keep his home fires burning" are going to be needed more and more as time goes on.
What are you going to do?
You've invested in Liberty Bonds. You'll get your money back.
You are clipping interest coupons. Now give!
Give to him, that fellow over there! The fellow who fed four pounds of veal to the cat because he was so happy over the defeat of Germany had the right spirit but poor judgment.
Make your money talk! Give it to the United War Fund and it will speak in no uncertain tones to the fellow whom it will benefit.

The affects of peace are a matter of much concern now. We do not have much fear of the results. They were so many big things being planned for our city and our state just when war broke out that many of them are bound to become realities.

There will be services at eleven o'clock Sunday morning in the Pleasant Valley church. There will be no service in the Woodland church.

OFF FOR HIS BIRD
For years past it has been the regular annual practice of the city editor of The Progress to tie to the wilds of Fulton county and there slay a waiting turkey and carry him triumphantly back to Clearfield. For the nth time he has heard the call of the wild and after considerable correspondence with the farmers of that vicinity has left to claim his own. He will return Monday but why in the world it is necessary for him to stay so long when the arrangements are all completed in advance is more than we can understand. Appearances must be made good.

SUGAR RATION INCREASED

Effective December first, the federal food administration authorizes the sale of sugar for table use at the rate of four pounds per person per month, and for restaurants and hotels four pounds for ninety meals. There is also an increased allotment for those using sugar for manufacturing purposes and baking, the details of which regulation can be had by application to this office.

These increased amounts of sugar are made possible by the signing of the armistice which has improved the world shipping of sugar to this extent.

An Internal Treatment For Piles (Hemorrhoids)

Gives Absolute relief from all pain and Suffering. Has Never Failed Guaranteed

Many people have become disappointed because they have been led to believe that their case was hopeless and that there was no remedy for their piles.
Go to your grocer and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where by its soothing, healing and septic action it first attacks and then by direct contact with the ulcers and piles causes them to heal and disappear forever.
It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.
Last read what Mr. F. M. Smith of 2313 Broadway Lorain Ohio says:
"I gladly recommend Miro Remedy for Piles. There is no equal to it. I suffered for 15 years and tried everything that was recommended. I doctored on years and was a constant sufferer with bleeding piles. I took two bottles of Miro and was entirely cured. Any sufferer using it will never regret it."
All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.
IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

I saw it in The Progress.

COLD IN THE HEAD AND CATARRH CURED OVER NIGHT

FORKOLA, Best for Catarrh, Asthma and Bronchitis

Cures coughs, colds and bronchial troubles overnight. You simply allow a small quantity to dissolve slowly in your mouth. In a few minutes a gentle steam will be set, and all that hard choking, coughing matter will be easily coughed up and expelled. A short but steady treatment for a week for 10 days will rid you of catarrh forever.
Mothers, when children suffer from snuffles, runny nothings and colds, tonsillitis etc., you are strongly advised to have a small jar on hand for emergencies. It will save them many anxious moments.
FORKOLA never fails. Money back if it is not all that we claim, so be sure and try it at our expense. Any drugist can supply you.

Graceful Lines Impart an Indescribable Charm to These Decidedly Modish High Shoes

That Dame Fashion's decrees have been observed in the minutest details is apparent to all her followers who inspect our showings of high shoes. Their slender, graceful, stylish lines harmonize perfectly with the straight line effects that predominate the apparel modes of the moment.

To be correctly attired from head to foot, your shoes should be carefully chosen from selections that afford ample opportunity to express your individuality; therefore, a choice from our showings is very desirable. The assortments are generous, the styles and qualities superb, the prices very alluring.

1 Ton of Beef Value \$400.00 Profit \$5.00 or 1 1/4%
1 Ton of Coal Value \$7.00 Profit \$.25 or 3 1/2%

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

Swift & Company, U. S. A.

NEWS OF OUR NEIGHBORS CURWENSVILLE

During the peace victory celebration here the other evening there was a good deal of loud shooting indulged in, and during the bombardment there occurred an unusually loud crash, and those who were making some noise themselves paused in their work wondering where the noise came from. A hunt was made and it was discovered that Mrs. Casey had displayed her patriotism by destroying a relic she had cherished for over twenty years, in shape of a bomb given her by a friend of the Spanish-American war. It was about the only missile that she had on hand with which to celebrate with so she sacrificed and contributed it to make a big noise for the joyous cost of peace.

Now that the quarantine lid has been lifted notices from churches have been sent out announcing that Sunday schools and church services will be held at the usual hour. It will seem sort of good to hear the church bells ringing once again, calling the people together for worship and listening to the Holy Writ as propounded by those who are in authority to do so. There ought to be a full attendance.

Born to Mr. and Mrs. Howard Gorman a boy baby November 14, 1918.

Messrs. Will McCain, Clifford McClure and H. Phil. Thompson went to Centre county to hunt for wild turkey. They will be gone several days.

Mrs. Richard Hascomb, of Falls Creek is visiting in the home of her parents Mr. and Mrs. W. D. Gates, South Filbert street.

Joseph Zint a boy working over at the P. H. & L. finishing tannery had the misfortune to cut one of his hands with a knife which he was sharpening yesterday forenoon. The wound necessitated the attention of a physician.

Another entry was made to the emergency hospital yesterday, the inmate being a domestic in the home of Mr. McKinley.

The continuance of ringing the curfew bell during the balance of the winter months, does not meet the approval of the kids and they will voice their sentiments to borough council asking them by petition to remove the decision and allow things to run along just the same as last season. They feel as though it is not right to compel them to retire to their homes just at an hour when the evening's fun commences for them.

Methodist Church
All regular services Sunday. An earnest appeal is made for a large attendance at Sunday school. The morning hour of worship will be a praise this as a reverent token of gratitude service. Let every member join in to Almighty God for the cessation of war.

Sunday evening at 7:30 a victory service will be held. Special music. A victory flag will be unfurled. Hon. R. D. Swoope will make the presentation speech and C. S. Russell will receive it on behalf of the corporate body of the church. You are invited to join us in these services.

There will be no services in the Baptist church on Sunday November 17th.

CELERY KING A LAXATIVE TEA

If You Suffered from Constipation, Upset Stomach or Inactive Liver, Give Celery King a Trial. If You Want Genuine Relief and Want It Quick

It is a purely vegetable remedy, gentle and effective, that drives impurities from the bowels and makes you feel better than ever. "Give a day of this pleasant remedy when you catch cold, feel nervous and are out of sorts."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

HEALTH BOARDS RECOMMEND DISINFECTING WITH LYSODINE

It is very important that the use of disinfectants be used now more than at any other time. On account of its non-irritating vapors and powerful germ-killing properties, Lysodine is recommended as the ideal disinfectant. The iodine with other valuable ingredients in Lysodine is recognized by physicians as most beneficial in influenza as well as asthma, whooping cough and colds.

CLEARFIELD CHURCHES RESUME SERVICES

The most simple unembellished services will mark the opening of the churches next Sunday.

The pastors have agreed that it will be wise to defer all special or attractive programs until all danger of contagion has passed.

They especially emphasize the need of all contributors either bringing or sending their envelopes and contributions, for the Sundays on which the churches were closed. This applies to all branches of church work, and is very important.

They also desire to emphasize the great War Work campaign now on. All church members should subscribe early and to the limit of their ability both as a stimulus and example to others and because of the great need.

DISTRESSING ACCIDENT TO MORRISDALE LADY

Mrs. Hannah O'Neill, wife of Hugh O'Neill, of Morrisdale, and mother of Charles O'Neill, Production Manager, U. S. Fuel Administration for Central Pennsylvania, was a victim of a distressing accident Tuesday evening, Nov. 12th, when she fell down stairs and broke her left arm in two places and her right arm at the wrist. She had gone to her daughter's bedroom to bid her good-night and turn out the light, and returning to her own room in the darkness she mistook the stairway for her bedroom door and fell headlong down the stairs. She was brought to the Cottage State hospital where proper attention is being administered.

Mr. Howard Pigott, who for some time past has been in charge of the plumbing department of W. F. Powell hardware store, has severed his connections with the Powell store and entered the sales department of the Crescent Refractories at Curwensville. Although Mr. Pigott has been a Clearfielder for a comparatively short time he has demonstrated that he is a young gentleman of sterling worth and has marked ability as a salesman. The Crescent Refractories Company are to be congratulated.

Mr. W. O. Hoover, secretary of the Penn. Public Service Company connected at the local office of the concern, has resigned to accept a position with the sales department of the Crescent Refractories Company at Curwensville.

Mr. Hoover's wide business experience in the electrical and public utilities service will make him a valuable man for the Crescent Refractories Company.

DRAFT COST IS LOW

Washington, Nov. 14.—America has been getting soldiers at the lowest cost per man in the history of the country.

According to recent testimony of Gen. Crowder before the House Appropriations committee it costs Uncle Sam just \$7.95 to induct a draftee and put him aboard a train headed for camp.

Contrasted to this figure Crowder gave the committee the cost of obtaining a volunteer during the last 3 years.

In 1914 this was \$24.48 per man, in 1915 it dropped to \$19.14 jumping to \$28.95 in 1917.

Mr. and Mrs. I. W. Nieman are rejoicing over the arrival of a great big boy baby on Wednesday. Both mother and babe are doing finely.

Mrs. Madeline Magnot of Frenchville was shopping in town today.

Lovers in Japan, instead of an engagement ring often give their future brides a pair of beautiful silk to be worn as a sash.

"A FULL HOUSE"

Mr. McAdoo was intrusted with the shipment of a carload of newspaper at Carthage, N. Y., on September 12th which he has as yet failed to deliver to us at Clearfield. Consequently we will be unable to issue anything but a four page paper until it gets here. Until it arrives we must boil down all news matter to a thick syrup. We will try to accommodate our advertisers but it is necessarily going to be a matter of first here, first served. Get your ads here early for next week. Space is going to be at a premium.

As for news, we will get it all as usual. It will, however, be put up in smaller type and with less headlines.

FATHERS, DO THIS THING

PARIS, Nov. 15.—The Stars & Stripes, official organ of the American Expeditionary Force, announced that November 24 is to be "fathers' Christmas-victory letter day for the army". All soldiers are asked to write to their fathers and the fathers are urged to write to their sons.

PENNSYLVANIA LAGS BEHIND ON WARFUND

NEW YORK, Nov. 15.—The nation is lagging at the rate of several million a day in the subscription to the United War Work fund according to an official statement made here today by the National Campaign headquarters. Receipts total \$65,556,929. On the basis of this total the country will have to maintain during the remainder of the drive a total of twenty million a day if the 50 per cent. over subscription is to be obtained.

The smaller and more sparsely populated states are doing better than the larger states. Pennsylvania has subscribed less than one-tenth of its quota.

Arizona went "over the top" with a \$100,000 over-subscription. Michigan, Delaware and New Mexico have exceeded their quota.

TROLLEY LINE IS BLOWN UP NEAR MUNSON STATION

Admitting that they dynamited a section of the Centre & Clearfield Railway Company's track with the object of wrecking a passenger car, four men residing in the township below Munson were temporarily given their freedom yesterday when each furnished the \$500 bail imposed for appearance at Clearfield court.

When the celebration over the false report that the war had ended was in progress down the trolley line Thursday night, Nov. 7, dynamite was placed under a section of the track at Forest, below Munson, and during the noise the charge was set off without attracting the attention of any one. Believing that the wrecked track might be noticed by the motorman, the perpetrators of the deed, to make their work doubly certain, greased the track, so that it would be difficult to stop the car. And in doing that the lawbreakers unintentionally prevented a frightful wreck, but furnished a clew by which they were later arrested and confronted with such overwhelming evidence that they confessed their guilt.

The first car over the wrecked track was the car from Philipsburg Friday morning. The dynamited track was not noticed and the greased rails gave the car such speed that it leaped across the dynamited section, striking the sound section beyond almost by miracle.

Raymond Laughlin and Andrew O'Donnell, of the State Constabulary stationed here, were notified and began an investigation of the case. They found several empty cans that had contained axle grease. They made inquiries at the stores in the neighborhood and learned that Goldberg's store at Munson had sold a quantity of axle grease to several parties in the neighborhood.

The discovery led to the arrest of Albert Latz, 21 years old; Afion Rodé 18; William Sussek, 21, and Theodore Brant, 19. Officer Laughlin made the arrests. The men were given a hearing before Squire James Finnigan, of Chester Hill, on Wednesday afternoon, Nov. 13, where they admitted their guilt.

They are said to be rank pro-German in their sympathies, and the theory is they were angered over the victory celebration underway and felt that they ought to commit some depredation to even up for the defeat of the country they were in sympathy with. It mattered not to them that a score of lives might have been sacrificed.

It is believed also that personal enmity of a man not yet apprehended had something to do with the attempted crime. He was formerly employed by the street railway people and was dismissed from service recently. The fact that officials have not been able to locate him leads to the belief that he is involved. The state constables are looking for him.

A CHANCE TO LAUGH AGAIN

If you want a real old fashioned laugh, go and see "The Very Idea," the farce that had the audience at the Astor Theatre, New York in uproars for an entire season, it is the coming attraction at the Driggs Theatre one night, Tuesday Nov. 19.

This three act play is the funniest show of the season. You may not be interested in eugenics around which the story of this play is woven in a humorous vein, but you are certain to have an uproarious time and spend an enjoyable evening.

The farce is presented by an admirable cast. The clever actor Garland Gaden without any exaggeration of slapstick methods, is showing what a fine comedian he is. Garland Gaden plays the budding scientist, engrossed in the subject of eugenics. His serious acting is a fine foil for Et-telle Reilly's fun making.

If you are looking for a real good laugh, put "The Very Idea" down on your engagement card.

NO MORE MEN WANTED FOR C. O. T. S.

WASHINGTON, Nov. 15.—No more candidates will be accepted for the Central Officers' Training School, the War Department announced today. Candidates now in the schools will be allowed to finish their course and will be discharged at the expiration of their course without further consideration. WHAT INTERESTED OUR FOREFATHERS

News Items From a Clearfield Newspaper Published in 1848

In going through some old records and papers at his office yesterday Clement W. Smith, Esq., discovered that an old draft was pasted upon the back of a newspaper published in 1848. In order to show you that there is not much new under the sun, we publish the following items taken therefrom as showing the sort of news "dished up" for our forefathers:

Praiseworthy

We learn from the Charleston Courier, that an attempt has recently been made to bolster up the declining fortunes of the theatres of that city, by introducing the model artists. The attempt has, however proved an utter failure. The good citizens of Charleston would not countenance the "unclothed beasts." To the good taste and modesty of the Charleston ladies this defeat is attributed. The Courier says: "If we have been rightly informed, not a single lady attended the theatre while these excrescences upon theatricals were performing."

Rum's Doings

We learn from the Keene Sentinel, that a man living in Jaffrey, some time ago went to Peterborough and got a jug of rum and returned to the house in which he had lived, then desolate his family having been scattered abroad for support, and there remained in a state of helpless intoxication, until his legs and arms were frozen hard as stones, in consequence of which he died.

Slaves Set Free

We learn from the Lynchburg, Virginia that Captain John Warwick, of Amherst county, who died a few days since, manumitted by his will all his servants, numbering between 70 and 80. He has made ample provision for their removal, outfit and settlement in one of the Western states.

The Sixteen Million Loan

It is said that the Secretary of the Treasury will advertise for the \$16,000,000 loan, just authorized by Congress in Europe as well as at home. Reports are current, that offers have been made for the whole of the sum wanted by foreign capitalists or bankers.

The French Minister

The National Intelligencer says that M. Pargot, the late French Minister at Washington received a dispatch from M. Lamartine, continuing him in office, but he declined the trust, giving for reason his attachment to

SMALL PROBABILITY OF FLU GETTING ANY WORSE NOW

Everybody will be glad to learn that there is only the slightest possibility of another breaking out of the influenza epidemic. The physicians of the city are pleased with the outlook this morning. There were only a few new cases yesterday and thus far today there is no report of any, although it is possible and probable that there are a few new ones as this can be expected for possibly many weeks. The High School is being emptied very fast and will be ready for school sessions on Monday unless something unforeseen occurs. There are many patients yet who are very ill and the greatest care should yet be exercised by everyone. There is absolutely nothing now to prohibit people from mingling with one another provided they exercise the proper precautions as to coughing and expectorating. Avoid the breath of another. Our greatest danger now is from the flu patients themselves. There is much complaint being heard about some of them who run out on the street and mingle with crowds as soon as they get out of the house or the hospital. These people hold the flu situation within their own hands. They can spread the disease or they can keep to themselves until fully recovered. With the schools opened, every pupil should be closely watched by the parents for symptoms and no child should be allowed to go to school for the next few weeks unless they are free from colds and in perfect health. Take no chances. Everybody wants to see the ban off: It is up to the people to keep it off.

The influenza situation at Glen Richey is improving right along and it is believed that the danger is past there now. Churches will be open on Sunday and the schools will open on Monday morning. Last evening the emergency committee of the town issued the following statement for publication: "The Emergency committee of Glen Richey in harmony with the state and local authorities are in accord with the opening of schools and churches in this community." J. O. Seese, President and T. C. Henderson, secretary.

AN INSTRUCTIVE WINDOW DISPLAY

One of the most topical window advertising ideas that has been sprung on the Clearfield public for some time is the war map on the window of H. J. Flegal's clothing store. The map entirely covers one of the large front windows and shows, on a large scale, the warring nations of done in different colors which allows passersby to get an idea of the size of the countries of our Allies and the vast amount of territory that has been wrested from Germany. The idea has been worked out very cleverly by C. L. Shobert of DuBois, who at the present time has charge of the window and interior decorating of the Flegal Store.

The fallen dynasty and his determination not to hold office under its successor.

Trouble in Russia

The Dublin Telegraph of the 18th mentions a rumor that St. Petersburg was in open revolution, and that the people were determined to emulate Paris.

Emigration

The number of emigrants who arrived in New York in the three months of 1848 to March 31, was 15,327; being 4393 in January and 10,934 in February and March. They were from

You sent him away with a cheer! You'll welcome him back with a cheer!
But what about the time in between?
He has work to do "over there" that will keep him there for many months to come.
And herein lies your responsibility and your duty during that time.
Keep him fit!
Keep him happy!
Keep him smiling!
The thousands of huts! the thousands of miles of movie films; the myriads of books and the various other methods that have been used to "keep his home fires burning" are going to be needed more and more as time goes on.
What are you going to do?
You've invested in Liberty Bonds. You'll get your money back.
You are clipping interest coupons. Now give!
Give to him, that fellow over there! The fellow who fed four pounds of veal to the cat because he was so happy over the defeat of Germany had the right spirit but poor judgment.
Make your money talk! Give it to the United War Fund and it will speak in no uncertain tones to the fellow whom it will benefit.

The affects of peace are a matter of much concern now. We do not have much fear of the results. They were so many big things being planned for our city and our state just when war broke out that many of them are bound to become realities.

There will be services at eleven o'clock Sunday morning in the Pleasant Valley church. There will be no service in the Woodland church.

OFF FOR HIS BIRD

For years past it has been the regular annual practice of the city editor of The Progress to tie to the wilds of Fulton county and there slay a waiting turkey and carry him triumphantly back to Clearfield. For the nth time he has heard the call of the wild and after considerable correspondence with the farmers of that vicinity has left to claim his own. He will return Monday but why in the world it is necessary for him to stay so long when the arrangements are all completed in advance is more than we can understand. Appearances must be made good.

SUGAR RATION INCREASED

Effective December first, the federal food administration authorizes the sale of sugar for table use at the rate of four pounds per person per month, and for restaurants and hotels four pounds for ninety meals. There is also an increased allotment for those using sugar for manufacturing purposes and baking, the details of which regulation can be had by application to this office.

These increased amounts of sugar are made possible by the signing of the armistice which has improved the world shipping of sugar to this extent.

An Internal Treatment For Piles (Hemorrhoids)

Gives Absolute relief from all pain and Suffering. Has Never Failed Guaranteed

Many people have become disappointed because they have been led to believe that their case was hopeless and that there was no remedy for their piles.

Go to your grocer and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where by its soothing, healing and septic action it first attacks and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

Last week what Mr. F. M. Smith of 2313 Broadway Lorain Ohio says:

"I gladly recommend Miro Remedy for Piles. There is no equal to it. I suffered for 15 years and tried everything that was recommended. I doctored on years and was a constant sufferer with bleeding piles. I took two bottles of Miro and was entirely cured. Any sufferer using it will never regret it."

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a real case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

I saw it in The Progress.

COLD IN THE HEAD AND CATARRH CURED OVER NIGHT

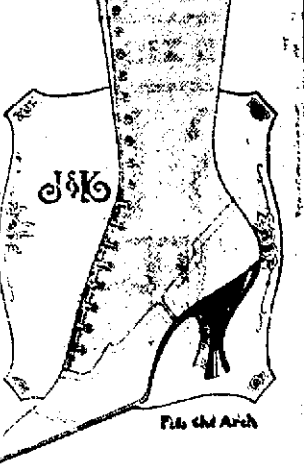

FORKOLA, Best for Catarrh, Asthma and Bronchitis

Cures coughs, colds and bronchial troubles overnight. You simply allow a small quantity to dissolve slowly in your mouth. In a few minutes a gentle steam will be set, and all that hard choking, coughing matter will be easily coughed up and expelled. A short but steady treatment for a week for 10 days will rid you of catarrh forever.

Mother, when children suffer from snuffles, runny nothings and colds, tonsillitis etc., you are strongly advised to have a small jar on hand for emergencies. It will save them many anxious moments.

FORKOLA never fails. Money back if it is not all that we claim, so be sure and try it at our expense. Any drugist can supply you.

Graceful Lines Impart an Indescribable Charm to These Decidedly Modish High Shoes

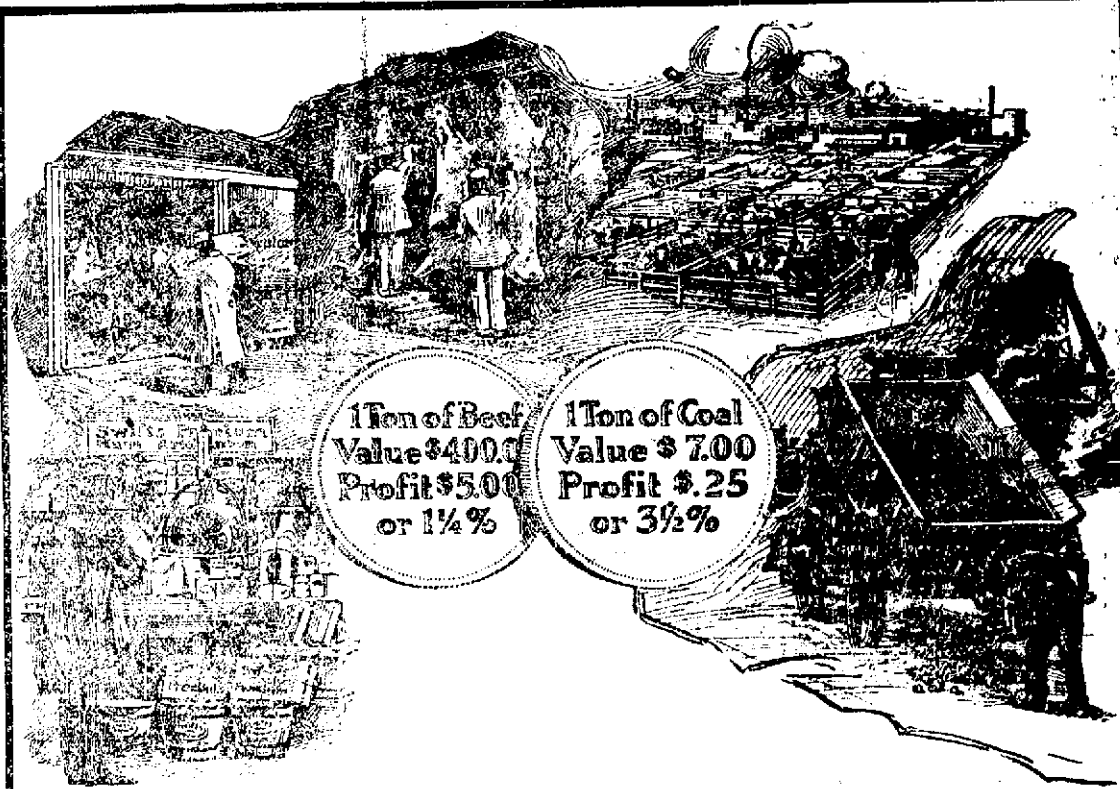

That Dame Fashion's decrees have been observed in the minutest details is apparent to all her followers who inspect our showings of high shoes. Their slender, graceful, stylish lines harmonize perfectly with the straight line effects that predominate the apparel modes of the moment.

To be correctly attired from head to foot, your shoes should be carefully chosen from selections that afford ample opportunity to express your individuality; therefore, a choice from our showings is very desirable. The assortments are generous, the styles and qualities superb, the prices very alluring.

Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

NEWS OF OUR NEIGHBORS CURWENSVILLE

During the peace victory celebration here the other evening there was a good deal of loud shooting indulged in, and during the bombardment there occurred an unusually loud crash, and those who were making some noise themselves paused in their work wondering where the noise came from. A hunt was made and it was discovered that Mrs. Casey had displayed her patriotism by destroying a relic she had cherished for over twenty years, in shape of a bomb given her by a friend of the Spanish-American war. It was about the only missile that she had on hand with which to celebrate with so she sacrificed and contributed it to make a big noise for the joyous cost of peace.

Now that the quarantine lid has been lifted notices from churches have been sent out announcing that Sunday schools and church services will be held at the usual hour. It will seem sort of good to hear the church bells ringing once again, calling the people together for worship and listening to the Holy Writ as propounded by those who are in authority to do so. There ought to be a full attendance.

Born to Mr. and Mrs. Howard Gorman a boy baby November 14, 1918.

Messrs. Will McCain, Clifford McClure and H. Phil. Thompson went to Centre county to hunt for wild turkey. They will be gone several days.

Mrs. Richard Hascomb, of Falls Creek is visiting in the home of her parents Mr. and Mrs. W. D. Gates, South Filbert street.

Joseph Zint a boy working over at the P. H. & L. finishing tannery had the misfortune to cut one of his hands with a knife which he was sharpening yesterday forenoon. The wound necessitated the attention of a physician.

Another entry was made to the emergency hospital yesterday, the inmate being a domestic in the home of Mr. McKinley.

The continuance of ringing the curfew bell during the balance of the winter months, does not meet the approval of the kids and they will voice their sentiments to borough council asking them by petition to remove the decision and allow things to run along just the same as last season. They feel as though it is not right to compel them to retire to their homes just at an hour when the evening's fun commences for them.

Methodist Church
All regular services Sunday. An earnest appeal is made for a large attendance at Sunday school. The morning hour of worship will be a praise this as a reverent token of gratitude service. Let every member join in to Almighty God for the cessation of war.

Sunday evening at 7:30 a victory service will be held. Special music. A victory flag will be unfurled. Hon. R. D. Swoope will make the presentation speech and C. S. Russell will receive it on behalf of the corporate body of the church. You are invited to join us in these services.

There will be no services in the Baptist church on Sunday November 17th.

CELERY KING A LAXATIVE TEA

If You Suffered from Constipation, Upset Stomach or Inactive Liver, Give Celery King a Trial. If You Want Genuine Relief and Want It Quick

It is a purely vegetable remedy, gentle and effective, that drives impurities from the bowels and makes you feel better than ever. "Give a day of this pleasant remedy when you catch cold, feel nervous and are out of sorts."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

HEALTH BOARDS RECOMMEND DISINFECTING WITH LYSODINE

It is very important that the use of disinfectants be used now more than at any other time. On account of its non-irritating vapors and powerful germ-killing properties, Lysodine is recommended as the ideal disinfectant. The iodine with other valuable ingredients in Lysodine is recognized by physicians as most beneficial in influenza as well as asthma, whooping cough and colds.

NOTICE TO WOODLAND RESIDENTS

Lysodine is on sale in the Woodland Drug store. N18tc

HELP THE WAR WORK CAMPAIGN

An army with idle time on its hands, needs healthful recreation and entertainment as much as a fighting army. More than ever important is it that we should give liberally this week to the United War Work Campaign. The seven great organizations that carry the Home to the soldiers in this country and abroad have united in this campaign. Give liberally this week.

INSTANT POSTUM

CLEARFIELD CHURCHES RESUME SERVICES

The most simple unembellished services will mark the opening of the churches next Sunday.

The pastors have agreed that it will be wise to defer all special or attractive programs until all danger of contagion has passed.

They especially emphasize the need of all contributors either bringing or sending their envelopes and contributions, for the Sundays on which the churches were closed. This applies to all branches of church work, and is very important.

They also desire to emphasize the great War Work campaign now on. All church members should subscribe early and to the limit of their ability both as a stimulus and example to others and because of the great need.

DISTRESSING ACCIDENT TO MORRISDALE LADY

Mrs. Hannah O'Neill, wife of Hugh O'Neill, of Morrisdale, and mother of Charles O'Neill, Production Manager, U. S. Fuel Administration for Central Pennsylvania, was a victim of a distressing accident Tuesday evening, Nov. 12th, when she fell down stairs and broke her left arm in two places and her right arm at the wrist. She had gone to her daughter's bedroom to bid her good-night and turn out the light, and returning to her own room in the darkness she mistook the stairway for her bedroom door and fell headlong down the stairs. She was brought to the Cottage State hospital where proper attention is being administered.

The aluminum industry of all countries developed during the war.

SCHOOL-DAY STRAIN

A parent troubled over a child or a fast-growing youth, could do no better than to utilize the definite help that

SCOTT'S EMULSION

affords as a strengthening and nourishing factor. A very little of Scott's every day, during a time of stress, furnishes elements of nourishment essential to the blood and tends to confirm a growing child in robustness. For your boy or girl, you will not be satisfied with anything short of Scott's.
